Product Description

Dimmable LED Light Bulbs in White Box Package Color Temperature 3000K-6500K

Product Description:

Our Dimmable LED Light Bulbs are ideal for any application and provide a superior lighting experience. Made of ABS and PC, these bulbs provide an impressive 180° beam angle and come in a range of 3000K-6500K color temperatures. Not only do they provide a bright 500lm luminous flux, but they also feature a dimmable function, so you can adjust the brightness to your desired level. Perfect for any situation, these Variable LED Light Bulbs are the ideal choice for dimming LED lamps and other variable LED light applications.
